ABSTRACT.

State that from time immemorial the cattle of their village used to graze on the bed of the tank near their village. that owing to the Extension of Ranjangud Kala all their dry lands were converted into wet. that by this they had no dry lands left. that consequently they acquired all the remaining hilly tracts for dry cultivation. that during Mr Jani's no land was allotted for the pasturage of the village. that the above bed of tank has now been reserved as port. Kaval. that their cattle would be impounded by the Revenue if they strayed there hereafter. that there are 400 houses in their village, containing 500 buffaloes 1000 cows, 1000 oxen and 1000 sheep & goats. that there are no bamboos near their village. that the health of the village has been very much affected

ing their cattle in their houses throughout
day. that they use the tank water for drinking
purposes since it is very healthy. that if it fails
to supply, we the Naval authorities let
it off by the sluice. that their cattle cannot
go to the channel for drinking water since
they would be unprotected. that the pond
Vadamarn pranna, Nallarajaina kaiar
and Coppiamole used to Execute Earth
work for the tank and that the village
is mainly depending upon the tank water and
ill fed. Prays that on personal inspection
orders may be issued to have the bund thrown
open to their cattle.

Part B. for

SUBJECT.

Petition of Kyfanipattia and others of Hadinam village in the Nanjanguel Taluk, complaining of the grant of the bed of the village tank to the Palace authorities for the use of the Palace cattle.

Petition dated the Sept: 1895 (Dy No Pet 1662R)
From Kyfanipattia and others of Hadinam village
States that from time immemorial the cattle of their village used to graze on the bed of the tank that they have been allotted no land for gomal of the village during the Mojrai and so requests that the tank-bed should not be confined to the use of the Palace cattle but should be thrown open to their cattle also

No Pet. 1076 dated the 26th Nov: 1895
To the D.C. Mysore
~~G.R.S.~~ Forwards the above for report.

No 1498 dated the 12th June 1896 (Dy No 1231)
From the D.C. Mysore
Submits copy of the Assistant Commissioner's Report

P.T.O.

4. No. Pet. 531 dated the 28th July 1896.
Col. L.C. Mysore and the Land Palace ...
States that as the D.C. in his own authority
in 1892 placed the tank temporarily under
the control of the Palace controller for use
of the Palace cattle, there is nothing to
prevent the D.C. from restoring the tank to
for the use of the villagers now.

No. 164

Second General Assistant
Commissioner's Office,
Mysore District,
(10) Dated Mysore 4th/9th April 1896.

To

The Deputy Commissioner
Mysore District.

Sir,

In reply to your docket No. 953 dated 3rd December 1895 forwarding for report petition dated 23-11-1895 to the address of the Revenue Secretary (received with No. Pet. 1016 dated 3-12-95) complaining of the reservation of the bed of Hadanur tank as Government Kaval, I have the honor to report as follows:-

2. In 1892 on the requisition of the Palace Controller, the Deputy Commissioner gave orders to the Amildar of Nanjengud to the effect that the bed of Hadanur tank should be temporarily placed at the disposal of the Palace authorities for the use of the Palace cattle. Since then, it has been in their possession and Kavalgars have been placed over it and villa

[redacted] No. 253/20/92 - extract from register of endorsements

cattle trespassing upon it, are being impounded.

3. I inspected this village in company with the Amildar on 11. 1. 96. Hadanur is a pretty large village containing a population of 1,766 souls and 2,406 heads of cattle.

4. According to the Pahani accounts, the extent of the bed of the tank is 19 Kandies and the villagers have always been grazing their cattle here. About 3 miles from the village there are 43 candies of Khanab land and on account of its distance from the village and barrenness of the soil, the cattle are not generally taken there. Besides there are 50 Kandies of assessed waste land but they are dispersed in the midst of private holdings and are liable to be given out for cultivation on receipt of Dharkhasts.

5. At the time of inspection, I noticed water of the tank running to waste through the sluice and I came to know that the Kavalgars had done so to lessen the quantity of water so that grass may grow in the bed. As it was represented that the ryots have to use this water for domestic purposes during half the year when the Kampur channel passing below the tank is closed for cultivation, I directed x to

DEPUTY COMMISSIONER'S OFFICE,
MYSORE DISTRICT,
Dated Mysore June 26th 1896.

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

SIR,

With reference to your official memorandum No. Rev. 1016 dated the 23rd November 1895, forwarding for report the petition of Chinnambhatta Thimmapattiah and others of Hadinaru Village in the Chunchungiri taluk, Coorg, praying for the reservation of the tank of their village on Government land, I have the honor to submit herewith copy of the Commissioner's letter No. 164, dated the 4th April 1896, which explains the facts of the case. It will be seen from it that the land in question was, at the instance of the Palace Controller, resumed in 1892 for the Palace Cattle.

2. The petition, records with the connected correspondence on the subject are herewith submitted. I have the honor to be,

Sir,

Your most obedient Servant

Copied for information of the Deputy Commissioner Mysore District

the immediate shutting up of the drive.

6. The villagers produced before me the document (4) given by the Superintendent of Ashtagram Division in 1844 intimating the cancellation of the temporary lease of this land granted to Pandit Sir Ramchandra Shastri which is herewith submitted.

7. This is a large stand situated very close to the village and its land is a very convenient piece of pasture land for village cattle. Considering the large number of cattle belonging to the village and the requirements of the villagers I am of opinion that if this land is permanently made over to the Palace authorities, it would entail great hardship on the ryots.

8. The delay in submitting this report is due to the correspondence that passed between this office and the Survey Superintendent for the purpose of ascertaining the accurate extent of the bed of the stand. The Survey Superintendent has at last declined to furnish the information on the ground that the papers are incomplete.

9. If half an acre of grazing land is allowed for each head of cattle about 1,200 acres will have to be reserved as pasture for

this village.

10. The Guinness correspondence is herewith submitted.

I have the honour to be, &c.

Read

(1) Petitions Nos 1662 and 3883 of 1895-96 from the inhabitants of Hadimara in the Nanjangud Taluk complaining of the inconvenience caused to them by the grant of the site of the tank at Hadimara to the Palace authorities for the use of the Palace cattle.

(2) Letter No. 1498 dated 2nd June 96 from the Deputy Commissioner forwarding the report of the Assistant Commissioner Nanjangud dated 6th April 96 on the above, and connected papers.

Order - No. 3422-31/28.9.96.

(19)

The arrangement made by the late Dewan was that the Deputy Commissioner in his own discretion in 1892 is reported to be temporary - This was probably due to the drought which occurred in that year. There is nothing to prevent the Deputy Commissioner from reserving the tank bed for the use of the villagers, as, from the report it is clear that the villagers are depriving inconvenience.

28/9/96

The Deputy Commissioner Nanjangud may withdraw the notification; and Copies of these Petitions and of this Order may be returned to the petitioners.

Called for 2 Cr.

The encroachments under which the tank bed was granted temporarily to the Palace authorities & what the latter have now to pay for restoration, are matters which before passing final orders, should be fully ascertained by the Deputy Commissioner & Superintendent of the Palace Farms & a report submitted.
